Schedule of the Chemistry Seminars Series (CHE-450)

| No. | Date | Presenter | Title of the Seminar | Affiliation | Contact Person |
|-----|----------|------------------------|---|--|-----------------------------------|
| 1 | 02/16/11 | Dean Avrom Caplan | Polypeptide Fate Determination in Cytosolic Quality Control | CUNY- Associate University Dean for Research | Andrei Jitianu |
| 2 | 02/23/11 | Laura Granell-Ortiz | Functional and Structural Studies of a New Isoform of Indoleamine 2, 3- Dioxygenase | Albert Einstein College of Medicine of Yeshiva University | Andrei Jitianu / Gustavo Lopez |
| 3 | 03/02/11 | Prof. Lisa C. Klein | Modified Nafion Membranes for PEM Fuel Cells | Rutgers University Director of Graduate Studies | Andrei Jitianu |
| 4 | 03/09/11 | Prof. Nicholas Petraco | Application of Chemometrics and Computational Pattern Recognition to Trace Evidence Analysis | John Jay - CUNY | Andrei Jitianu |
| 5 | 03/16/11 | Prof. Mihaela Jitianu | Design of bulk structures from nano-TiO₂ | William Paterson University | Naphtali O'Connor |
| 6 | 04/27/11 | Prof. Elise Champiel | Use of NMR spectroscopy in forensic science: Identification of drugs of abuse in liquid matrices | John Jay - CUNY | Naphtali O'Connor |
| 7 | 05/04/11 | | Research – Scholar Day | | |
| 8 | 05/06/11 | | Sweeny Lecture | | |
| 9 | 05/11/11 | Prof. Mahesh Lakshman | Metal Catalyzed and Uncatalyzed Approaches to Modification of the Nucleoside Scaffold | CUNY-Graduate Center Chemistry Executive Officer | Andrei Jitianu/ Tim Paget |
