Creating a YouTube Account

If you have an existing Gmail account you do not need to create a YouTube account. Use your Gmail account username and password to sign-in to YouTube. If you do not have a Gmail account or would like to create a separate account follow the steps below:

Go to www.youtube.com

> Click Sign In

> Click Create Account

> Fill in the necessary information > Next Step
> Click Back to YouTube

Setting up your YouTube Channel: Click on account name > Click My Channel

> Enter name of channel > Click Next

> Set Privacy and Sharing settings > All done!
