The MASTER Program seeks undergraduate juniors who are interested in teaching mathematics or science as a profession. Help us to identify your experience and strengths in both teaching and in the subjects of mathematics or science by answering the questions below on a separate sheet of paper. Attach your typed responses to this application.

Essay 1. Title: Meaningful Activity

In 250 words, please describe one of your activities (extracurricular, personal, or work-related) that has been most meaningful to you in terms of your intellectual and leadership development and why.

Essay 2. Title: Becoming a Teacher

In 500 words, explain why you would like to be a teacher. Tell us what you would do differently from teachers you have known. Tell us what you would emulate from teachers who have inspired you.

Please tell us any additional information about yourself that you believe would help the Admissions Committee for The MASTER Program in reviewing your application.

The information that I have provided in this application is correct to the best of my knowledge.
