Lehman offers a program based upon the nationally recognized Child Development Associate (CDA) Competency Standards for Preschool Children. Successful completion of this program is a first step towards receiving a credential from the Council for Early Childhood Professional Recognition. Students enrolled in the program receive assistance in preparing for the assessment process leading to the CDA credential. * NOTE: In addition to the education requirement, which this certificate fulfills, students must meet a 480-hour field experience requirement to earn a CDA credential.

Requirements: Students must complete the eight required topics (125 hours) with a 70 percent average on exams and projects and attend at least 80 percent of classroom instruction for each course. Participants may start the program in any term. Classes meet twice a week on Wednesdays and Saturdays.

Prerequisites: High school diploma or GED or permission of the program coordinator; writing proficiency.

Tuition: \$1085 (125 hours). Tuition may be for full program or by semester. Financial aid may be available to program participants. Participants in Early Childhood field may be eligible for NYS Educational Incentive Scholarship Program EIP grant www.ecetp.pdp.albany.edu or call 1-800-295-9616.

Topics include:

- Principles of Child Growth and Development
- Supporting Children's Social and Emotional Development
- Planning a Safe, Healthy Learning Environment
- Promoting Children's Physical and Intellectual Development
- Establishing Productive Relationships with Families
- Observing and Recording Children's Behavior
- Managing an Effective Program Operation
- Commitment to Professionalism and Seminar on Child Abuse (NOTE: *This seminar does not satisfy New York State requirement for Child Abuse Identification and Reporting. Refer to page 20*)
