Job Title: Web Development Intern

Number of Positions Available: 1

Job Description: (Please attach job description if necessary):

The web development assistant at Ragnarok will support our web development department. They would assist our engineers in writing code and making updates to various websites, mainly using WordPress, Shopify, and React. If time allows, and they grow their skills quickly enough, they may get the opportunity to work on new web development projects with our designers and lead engineers. They would have the opportunity to build their skillset and portfolio, while also broadening their experience into multiple industries. The ideal person is someone who is friendly, hard-working, and has a strong desire to learn and try their hand in a lot of different projects.

Please indicate if any special skills are necessary for this position:

HTML / HTML5, CSS, WordPress, PHP and MYSQL, strong written etiquette, critical thinking. Bonus: Knows a little Python or Java, React, JQuery, JSON

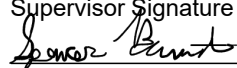

Hours of Work Available per week (no more than 25 hours per week):

25

Work is available during the following days and hours:

Monday, Tuesday, Wednesday, Thursday, Friday
