MISSION

Lehman College serves the Bronx and surrounding region as an intellectual, economic, and cultural center. Lehman College provides undergraduate and graduate studies in the liberal arts and sciences and professional education within a dynamic research environment, while embracing diversity and actively engaging students in their academic, personal, and professional development.

VISION

Lehman College has entered a new era in its history as an institution of higher education. Already known for its outstanding faculty, dedicated staff, superb library, art gallery, theaters, speech and hearing clinic, and athletic facilities, the College has a new state-of-the-art, environmentally "green" science facility that will invigorate faculty and student research as well as prepare Lehman students for science-based careers. Supported by the University's expanding technological resources, the College promotes creative teaching strategies, greater access to courses through online learning, off-campus access to library resources, and enhanced student services. The Multimedia Center stimulates technological innovation in all areas of communications and the arts for both the College and the region. Lehman has always prided itself on its diversity and commitment to multicultural understanding. Lehman College prepares students to live and work in the global community through new interdisciplinary programs, such as environmental studies and international business, along with study abroad and experiential learning opportunities. The College's geographic information systems and numerous partnerships with schools, hospitals, social service and governmental agencies, small businesses,

major corporations, and cultural and scientific institutions will contribute to the economic development of the region. Service learning and internship opportunities exist to further develop to foster the engaged citizenship and commitment to public service embodied in its namesake, Herbert H. Lehman. Recognized for small classes, close interaction between students and faculty, a successful Teacher Academy and Honors College, and a caring and supportive environment, Lehman College will celebrate its fiftieth anniversary in 2018 as the college of choice in the region, committed to preparing students for graduate studies, professional careers, and lifelong learning.

VALUES

Lehman College is committed to providing the highest quality education in a caring and supportive environment where respect, integrity, inquiry, creativity, and diversity contribute to individual achievement and the transformation of lives and communities.
