

Join Us for the Next Webinar on **April 11, 2019 12:00 - 1:00 pm**

Digital Projects for Greater Student Engagement

Teaching and learning with technology can enhance any class. This webinar will explore how digital projects can promote learning in your face to face, online or hybrid course, while fostering the greater engagement of students. Faculty co-host **Dr. Bret Maney**, Assistant Professor of English, will share his experience in using digital project assignments, and provide some tips on how to successfully implement these in your own classes.
