and a

### NATIONAL SCIENCE FOUNDATION GRANTWRITING WORKSHOP

*This material is based upon work supported by the National Science Foundation under Grant No. 1800200. Any opinions, findings, and conclusions or recommendations expressed in this material are those of the author(s) and do not necessarily reflect the views of the National Science Foundation.*

*The City College of New York (CCNY), in collaboration with the University of Texas-El Paso, La Guardia Community College, the Borough of Manhattan Community College, and the Caribbean University at San Juan, will host **HSI:URBANO**, a conference to identify the most critical challenges facing Hispanic and Underrepresented students seeking STEM education at two-year and four-year urban undergraduate colleges. We will explore these issues and consider solutions that will help the students complete their education and emerge workforce ready, able to take the careers in the STEM fields that will drive American innovation into the next century.*
