Information Technology Division

Greetings Lehman Students,

Welcome new and returning students! The Office of Community Engagement and New Student Programs is dedicated to helping you transition to Lehman College. I encourage you to find at least one thing that connects you to the Lehman campus; this can range from an on-campus job, to volunteering in the community, to participating in a research study related to your major.

We know that your first weeks on campus are especially important in building the foundation for your success at Lehman College. That is why we have created this “Weeks of Welcome” booklet. Enclosed in this booklet is the schedule of activities and programs that will take place between Friday, August 25, 2017 and Friday, October 6, 2017. Events are updated daily, so be sure to check out the campus events calendar at www.lehman.edu.

It is our goal that by the end of Weeks of Welcome, you will have found a connection to our campus and build a network of friends and supporters that will help you succeed at Lehman.

Best wishes,

A handwritten signature in black ink, appearing to read 'Amanda J. Dubois-Mwake'.

Sanford Reading

11:00 AM to 12:00 PM

Leonard Lief Library, Treehouse Conference Room 317

The twelve essays in *Gender Violence in Peace and War* present a continuum of cases where the state enables violence against women from state-sponsored torture to lax prosecution of sexual assault. Reports from war zones often note the obscene victimization of women, who are frequently raped, tortured, beaten, and pressed into sexual servitude. Yet this reign of terror against women not only occurs during exceptional moments of social collapse, but also during peacetime. As this powerful book argues, violence against women should be understood as a systemic problem one for which the state must be held accountable.
