LEHMAN ATHLETICS

Lehman College Announces Launching Of New Website

Bronx, NY- The Lehman College Athletics Department has announced the launch of a completely redesigned website for the school's sixteen varsity sports. Located on the World Wide Web at www.lehmanathletics.com, the new site offers a total multimedia experience for fans of Lehman athletics.

The new athletics portion of the College's website features extensive information on the entire Lightning athletics program, as well as facts about the APEX Center's recreation and intramural programs and membership and facility rentals.

Features of the new interactive site include live, in-game statistics for Lightning home basketball games, archived statistical information, player of the week selections, biographical information for student athletes, coaches, and department staff, and athletic training information, as well as daily updates for members and students regarding building hours and group fitness classes.

"Our staff, student athletes, and fans will now have access to a brand new website with a beautiful design and a plethora of new features," said Director of Athletics Dr. Martin Zwiren. "One of our primary goals at Lehman is to strengthen the exposure of our athletic department, and having this website will be a great asset."

Eric Harrison, Lehman's assistant athletic director and women's basketball coach, is thrilled by the new website and all of the features that will be at visitors' fingertips. "Not only will this website give our current student athletes the proper exposure, but it will also assist in luring student athletes to Lehman. We're all excited about the future here at Lehman."

Lehman College currently sponsors sixteen varsity sports (baseball, men's and women's cross country, men's and women's basketball, softball, men's and women's swimming and diving, men's and women's tennis, men's and women's indoor and outdoor track and field, and men's and women's volleyball) at the NCAA Division III level.
