No more than two courses in one discipline may be used to satisfy Flexible Core requirements.

Students have the option of enrolling in two 300-level ARH courses or one 300-level ARH course and one course from the following list: ARH 135, ARH 137, ARH 139, ARH 141 or ARH 143.

These are variable topics courses, where each section covers a special topic. Take two courses with two different numbers. Pre-requisite: You must have achieved 60 credits and declared your major. Integration Courses: LEH 351: Studies in Science & Applied Perspectives, LEH 352: Studies in Literature, LEH 354: Studies in Historical Studies, LEH 355: Studies in Philosophy, Theory & Abstract Thinking. (LEH 353: Studies in Arts, is NOT a College Option for this Major).

ART 486 may be used to satisfy the general studio work requirement

First select your sub plan/specialization from one of the following disciplines:

- Ceramics
- Computer Imaging
- Design
- Drawing
- Painting
- Photography
- Printmaking
- Sculpture

Art Specialization (12 credits): Select 200- and 300-level ART courses depending on your sub plan/specialization. Students should consult the Department for specific courses that constitute a sequence.

We strongly recommend clustering 12-15 elective credits to obtain a minor or certificate that complements your general and major field of study. The choice of the minor or certificate depends on your interest and should be coordinated with advisors. Check out more information on Minors or Certificates with your advisor.

**NOTE:** Writing Intensive Sections: Complete 4 sections designated as writing-intensive, 3 prior to earning 60 credits and 1 following. These sections may be searched by class attribute and are offered in General Education, major, minor and elective courses.
