[CLICK HERE OR ON THE QR CODE ABOVE FOR FALL 2023 APPLICATION](#)

The Lehman College Now program will be offering courses in person on the Lehman campus and online in the fall 2023 semester. Students should complete the online application and upload a copy of their HS transcript. The fall application will close on Friday, August 4. Students will be emailed at the end of August regarding application status. Students are reminded to check their email on a regular basis and SPAM/JUNK folders for emails from [college.now@lehman.cuny.edu](mailto:college.now@lehman.cuny.edu). Classes begin on Saturday 9 (Saturday sections) or Monday September 11 (M/W sections) or Tuesday September 12 (T/Th sections) and final exams are scheduled for December 18 (M/W), December 19 (T/Th) or December 23 (Saturday).

**Eligibility Requirements:**

- 1) Student must be a NYC Public HS student in 11<sup>th</sup> or 12<sup>th</sup> grade in fall 2023.
- 2) Student must have an overall HS average of 80+ and 80+ average in English and 80+ average in Social Studies. (See additional eligibility requirements for some courses below)

**ART 112: Digital Imaging (M/W: 4:10 – 5:50 pm, on campus, 3 credits)** Introduction to the creation of art and imagery using computers and digital media.

**BBA 204: Principles of Business Management (Saturday: 10:00 am – 12:40 pm, online synchronous, 3 credits)** This course introduces students to basic management concepts involving the theory and practice of attainment of organizational goals through planning, organizing, leading and controlling organizational resources.

**BIO 173: Human Biology (Saturdays: 10:00 am – 1:00 pm [lecture] and Wednesdays 4:10 – 5:50 pm [lab], on campus, 3 credits)** Survey of structure and function of human body with emphasis on concepts and current issues in human biology. *(Students must have overall HS average of 85+ and 80+ average in Living Environment, Math and English classes.)*

**CIS 211: Computer Information Systems (T/Th: 4:10 – 5:50 pm, online synchronous, 4 credits)** This course is an introduction to fundamentals of information systems from a business perspective. It includes computer hardware and software, use of business productivity tools and Internet.

**ENG 111: English Composition I (M/W: 4:10 – 5:50 pm, on campus, or T/Th: 4:10 – 5:50 pm, online synchronous, 3 credits)** English composition course that focuses on paragraph and essay development, summary and critical response to short texts.

**ENW 210: Introduction to Creative Writing (M/W: 4:10 – 5:50 pm, on campus, 3 credits)** This course focuses on the reading, writing and analysis of fiction, poetry and dramatic literature with the intent of developing students' creative voices in these forms of creative writing. *(Prerequisite: Students must successfully complete ENG 111 or receive approval from College Now program)*

**JRN 211: New Media (T/Th: 4:10 – 5:50 pm, hybrid, 3 credits)** Explores innovative multimedia storytelling and digital reporting tools. In the course, students learn how to tell visual stories through training in photo composition and editing. In an audio-visual module, they learn how to capture and edit audio. Students learn how to use social networks such as Twitter, Facebook, and others to report, produce and deliver the news across multiple platforms. They also learn how to evaluate the credibility of social media sources and user-generated content. Lastly, students learn the basic principles of web design and production.

**LTS 242: Latinos in the United States (M/W: 4:10 – 5:50 pm, online synchronous, 3 credits)** This course seeks to contextualize the experiences and trajectory of Latino/as in the United States. Students will learn to recognize and appreciate the complexities of the Latino/a experiences in the United States and will become familiar with a critical vocabulary to facilitate complex discussions about broader issues of American culture and identity.

**MAT 126: Quantitative Reasoning (T/Th: 4:10 – 5:50 pm, online synchronous, 3 credits)** Survey of modern quantitative techniques in a variety of disciplines. Critical thinking and mathematical/quantitative literacy are emphasized. **(Eligibility: Students must have 80+ HS average and 80+ Math average or 70+ on CC Math Regents exam.)**

**MAT 128: Foundations of Data Science (M/W: 4:10 – 5:50 pm, online synchronous, 3 credits)** Statistical and computational tools for analyzing data. Acquiring data from multiple sources, techniques for efficiently traversing, storing, and manipulating data. Emphasis on statistical analysis and visualization of real data. **(Eligibility: Students must have 80+ HS average and 85+ Math average or 70+ on CC Math Regents exam.)**

**MAT 132: Introduction to Statistics (M/W: 4:10 – 5:50 pm, online synchronous or Saturdays: 10:00 am – 1:30 pm, hybrid 4 credits)** Collection, plotting, and comparison of data sets, histograms, descriptive statistics, the frequency definition of probability, random experiments, random sampling, binomial and normal variables, confidence intervals. **(Eligibility: Students must have 80+ HS average and 85+ Math average or 70+ on CC Math Regents exam or receive approval from College Now program.)**

**MAT 172: Precalculus (T/Th: 4:10 – 5:50 pm, on campus, 4 credits)** Students must have 85+ HS mathematics average AND 70+ on CC Math Regents exam AND 80+ average in Algebra II/Trigonometry Regents course. **(Placement exam required. Students need to contact [college.now@lehman.cuny.edu](mailto:college.now@lehman.cuny.edu) to schedule placement exam)**

**PHI 172 – Contemporary Moral Issues (M/W: 4:15 – 5:50 pm, on campus, 3 credits)** Fundamental ethical theories and their applications to current moral issues, such as capital punishment, abortion, sexual equality and economic justice are critically analyzed in this course.

**PHI 173: Justice and Society (T/Th: 4:10 – 5:50 pm, online synchronous, 3 credits)** This course introduces the student to some of the fundamental concepts of social and political philosophy. Political philosophy enquires into the meaning of political concepts through the critical appraisal of the theory and nature of government. The course investigates concepts such as justice, liberty, equality and political/moral obligation.

**PSY 166: General Psychology (M/W: 4:10 – 5:50 pm, online synchronous or T/Th: 4:10 – 5:50 pm, on campus, 3 credits)** Introduction to the fundamental concepts and methods of modern psychology. **(Prerequisite: Students must successfully complete ENG 111 or receive approval from College Now program.)**

**SOC 166: Fundamentals of Sociology (M/W: 4:10 – 5:50 pm, online synchronous, 3 credits)** Sociology, the scientific study of human behavior, studies the processes and patterns of social interaction, forms of social organization, and the influence of social structure, groups and institutions upon human behavior.

**SOC 230: Criminology (T/Th: 4; online synchronous, 3 credits)** The nature and significance of crime as a social phenomenon. Study of the sociological factors that contribute to and maintain the criminal institutional structure and the justice system in the United States.
