Library

- ***Redesigning and Reimagining Your Course with OER***. Join Library Thursday, November 5th, 12:00 – 1:00 PM, to learn how you can use Open Educational Resources for your course. Meet Library's OER team and learn about all available resources. This Workshop offers great opportunity to explore OER and enhance your pedagogy. RSVP to Stacy Katz in Library.

- Library and Psychology invite you to Reading and Discussion of Steven Holochwost's co-authored book, ***Conducting Applied Developmental Science in Diverse Contexts,*** Thursday, November 12th, 1:00 – 2:00 PM in Library Treehouse. RSVP on Library Homepage.

Information Technology

- .Tech Fee Proposal letters are being sent by email. If you submitted a proposal, please check your INBOX for an update. Thank you everyone who took the time to submit a proposal.

- Cybersecurity training: Learn practical ways to stay safe online through the CUNY Cybersecurity Training course under Organizations on your Brightspace homepage.

- Please consider completing your Workplace Violence, ESPARC and Ethics Training. For the Ethics Training, if you completed the Live training with Bridget last year, you can complete the 2026 training on Brightspace

LMS/Brightspace

- Spring 2027 course shells are available today. This is a great time for faculty to review course content for accessibility.
- Student SPARC training: The CUNY Student SPARC Training course is now available under Organizations on your Brightspace homepage.
- Keep an eye on your Lehman email for new Brightspace workshops coming soon to help faculty with Brightspace as we near the end of the semester.
- See the Lehman Brightspace web page to register for a one-on-one office hour with a Brightspace Team member
