Master of Science in Education in Counselor education: School Counseling

Graduates are eligible for NYS School Counselor Certification. Participants may also apply for the Bilingual Counselor Education/School Counseling Advanced Certificate. This program prepares culturally competent, ethical, caring, data-informed school counselors in an urban educational settings. Candidates promote social justice and human rights advocacy in their scholarly, clinical, assessments, evaluation, and school counseling program implementation practices. They Develop academic, social-emotional, and career/college competencies for all students. School Counselors help close achievement, opportunity, and attainment gaps. This program emphasizes collaboration, leadership, self-awareness, and mutual respect among diverse groups and includes anti-racist and anti-oppression practices in coursework and fieldwork. This program is CACREP accredited.
