**Course Review Workshops** take place 1-2 weeks before each exam. Students in workshop-eligible classes will receive advance notification via email. Workshops for additional courses TBA. Visit: **https://www.lehman.edu/academics/issp/science-tutoring/science-workshops/**

### PEER-LED TEAM LEARNING (PLTL)

**CHE 114:** Essentials of General Chemistry (Deri)
**CHE 120:** Essentials of Organic Chemistry (Gonzalez Periche)

Students in any section taught by instructors participating in Peer-Led Team Learning may attend PLTL workshops. PLTL Workshops will be conducted once or twice each week, and are course- and instructor-specific. However, students in other CHE sections are welcome to attend. Workshops are either in-person, online, or both.

## Supplemental Instruction (SI)

Supplemental Instruction (SI) offers peer-led review sessions for selected "traditionally difficult" courses. Sessions meet twice per week, and are facilitated by a trained SI leader. Each session will reinforce your understanding of key concepts and provide methods for studying more effectively. To find out whether there's an SI session for your course, ask your professor, check your course on Brightspace, or consult the SI course list on our website, **www.lehman.edu/issp**.

## Academic Coaching

One-on-one meetings with an academic coach can help you achieve your academic and personal goals. Areas addressed include time management, study skills, test-taking and more. The program also offers a workshop series. For more info, visit: https://www.lehman.edu/academics/issp/academic-coaching/group-sessions/
