Herbert H. Lehman (1878–1963)

Herbert H. Lehman represents the highest standards of honor and integrity in public service. During four terms as Governor of New York State and two terms in the U.S. Senate, he strove to abolish social injustice. He opposed discrimination while supporting reforms that protected union membership, established unemployment insurance, and began programs for slum clearance and the construction of low-rent housing. As the first Director General of the United Nations Relief and Rehabilitation Administration (UNRRA), he supervised the shipment of more than 25 million tons of supplies to refugees of World War II, the largest international relief effort in history. In so doing, he created the forerunner of the United Nations High Commissioner for Refugees.

UNRRA also led to the establishment of UNICEF, UNESCO, WHO, and other social agencies of the world organization.

Lehman College, the only senior college of The City University of New York in the Bronx, was formally dedicated in Governor Lehman's name on March 28, 1969, the 91st anniversary of his birth. Today, nearly 14,000 undergraduate and graduate students are enrolled in more than 140 degree programs. Each spring, the College commemorates Governor Lehman's birth, and its dedication in his name, by inviting a distinguished guest to deliver the Herbert H. Lehman Memorial Lecture.

Lehman Scholars Program & Macaulay Honors College at Lehman College

LEHMAN SCHOLARS PROGRAM (LSP)

LSP, founded in 1980, is Lehman's liberal arts honors program, designed for accomplished and highly motivated students with the desire and ability to pursue a more independent liberal arts course of study. The program offers the advantages of a small, intimate college, including special honors sections, seminars, and individual academic advising and personal mentoring. MHC, CUNY's universitywide liberal arts honors college, was founded in 2001 and is CUNY's most highly selective college, located on eight of its senior college campuses. LSP's more than 20 years of history preceding MHC assured and reinforced the successful growth of MHC at Lehman College.

MACAULAY HONORS COLLEGE (MHC)

Macaulay students receive a dual degree from both their specific home campus and Macaulay Honors College. Macaulay Scholars are personally guided through their four years by a Macaulay academic advisor. The advising and mentoring aspects of both LSP and MHC are some of the hallmarks of the two programs, designed to maximize their students' college careers. Both LSP and MHC have seminar-driven curricula encouraging vigorous, holistic, and comprehensive examination, through discussion on topics of immediate and long-range concern for improving the human condition. The two programs interact with one another in shared seminars and classes, forming a rewarding and rich scholarly and social community. It is the conscious aim of the faculty who teach and guide students in LSP and MHC to develop sentient, highly informed, reflective, versatile citizens who can both understand and support the needs, wants, and welfare of others, as well as pursue their own personal interests and goals.

Undergraduate Awards

Award for Excellence in Undergraduate Studies

2022 Winner: Isaias E Morales

Isaias E Morales is the Assistant Director for the devised multimedia performance iPa'lante! – He was selected for this position because of his commitment and artistic work and his work on the New Voices Student Play Festival.

He collaborates with and supports his peers, giving thoughtful feedback and assisting on production crew. Isaias is always one of the first to volunteer to assist peers with their multimedia setup as the senior students (himself included) prepare for their Multimedia Performing Arts Showcase in May 2022.

This award is given to a student who has demonstrated excellence in being educated, empowered and engaged in their academic studies. The recipient has demonstrated outstanding academic achievement by graduating summa cum laude with a 4.0 GPA, and also has excelled in disciplinary and/or co-curricular activities related to their major, thus modeling excellence as an empowered young scholar who shows engagement in their discipline.

The Global Citizenship Award

2022 Winner: Daniel Santiago

Daniel Santiago has exemplified global citizenship and service during his time at Lehman College. He has volunteered locally with organizations such as the Acacia Network, one of the leading social services organizations in New York City. Daniel has also traveled abroad to complete service projects in Puerto Rico. His passion to engage with communities across the globe inspired him to advise Lehman students on global engagement opportunities including study abroad. He is graduating with honors (Cum Laude) and is an Air Force ROTC cadet.

This award is given to a student who has exemplified global citizenship and service during their time at Lehman College. This student has embraced unique and creative ways to engage with communities across the globe in areas including, but not limited to, study abroad, international service-learning, global studies, and Peace Corps Prep.

Excellence in Leadership Award

2022 Winner: Emile Giovannie Zounon

Mr. Emile Zounon was elected by Lehman College students to be the SGA President to represent their interests. His campaign goals included: improving access to resources, advocating for Undocumented, International and DACA students, and meeting the basic needs of students. After just few months in his term as SGA President, his commitment to these goals was evident in the programs he executed. Not only did he host various programs to raise equity awareness, but he contributed significant funding to the Lehman College Food Bank and has been meeting with Cabinet members to create scholarships for Undocumented and DACA students. He has also shown outstanding leadership in becoming a mentor with the Center for Student Leadership Development while maintaining a busy schedule as SGA President.

This award recognizes a student who has shown outstanding leadership during his or her time at Lehman College. Through innovation, motivation, initiative, and perseverance, this person has demonstrated a commitment to creating positive change in our campus community.
