

## Previewing results during an assessment

Start assessment > Click Response tab > Select Progress > Click Show besides *Results Preview*

The screenshot shows the 'Clicker Workshop' interface for 'Question 9 of 9'. It features a sidebar with icons for document, image, link, chart, and calculator. The main content area has tabs for 'Properties', 'Progress', and 'Next Steps'. Under 'In Progress:', it shows 'Duration: 00:00:57' and '2/3 student(s) answered'. There are links for 'Who isn't finished? (Show)', 'Results preview: (Show)', and 'Stop this assessment'.

A chart showing the class's current responses to the question appears.
